2. INTRODUCTION

This license agreement allows you to use the iWebDJ mixer on your website.

Once paid, you will be able to download a package containing all files needed to install the iWebDJ mixer on your website with your music.

3. FEATURES OF THE IWEBDJ DJ MIXER

- instant online mixing at any time, on any computer without any installation.
- provides all tools needed to have fun creating mixes online (beatsync, scratch, loops, effects, bpm control with keylock, crossfader, eq...)
- able to record and live-broadcast users' mixes. The mixes could be then shared on social networks and ranked for an online DJ contest.
- compatible on the PC and Mac platforms

...

4. DESCRIPTION OF THE PACKAGE

The package contains all needed files and source to install the iWebDJ mixer on your website, more precisely it contains :

- the mixer user interface (with all Flash / AS3 source)
- the music browser (with all HTML5, CSS, Javascript source)
- the server side script for recording / broadcasting mixes (with all PHP source)
- the iwebdj music analyzer tool to add your music
- all technical instructions (which are also accessible on the iWebDJ website)

5. CUSTOMIZATION OF THE MIXER

The iWebDJ mixer package contains source code, and you are free to modify this code as much as you want !

This will allow you, all by yourself, to customize, rebrand (= change the logo), modify the integration, modify the graphical appearance, add features...

If you are not able to customize the mixer by yourself or if you decide it afterwards, just contact us. What we can do for you :

- customize the graphical user interface (gui)
- remove the iWebDJ logo and put yours (rebranding)
- give us a picture, we will design your player from it
- add new features or behaviors
- adapt the API for a better integration on your system

...

6. TERMS OF USE
